## SAFE PAD ANTIMICROBIAL PUSH PADS

**Did you know Coronavirus can survive on doors for up to 7 days?**

**Kills 99.9% Of Bacteria including: *Klebsiella pneumoniae*, *E.coli* and *Staphylococcus***

### How it works

Push doors are an unavoidable part of modern life. Simply stick the Safe Pads in the required position to significantly reduce the spread of bacteria and Coronavirus. It's that easy!

### Why it works

The coating contains silver, which safely inhibits microbial growth. The Silver technology targets microorganisms that kill or reduce the spread of bacteria, fungi and certain viruses.

#### Successfully tested against Coronavirus

The revolutionary coating has been clinically tested to greatly increase the resistance of any surface to the spread of Coronavirus.

#### Antimicrobial Coating

The antimicrobial coating contains silver ions, which safely inhibit microbial growth. Slow release of the silver active ions provide long-term antimicrobial protection.

#### Long lasting - Anti viral properties

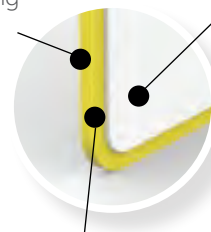

The Safe Pad provides 2 years anti-viral properties, this should not be considered a replacement for regular cleaning but it will greatly reduce the infection rate in problem areas.

Complies with:  
**Resistant to Coronavirus**  
(ISO 21702:2019)

Antimicrobial coating

3M Self-adhesive backing

Polypropylene push pad

## PUSH PAD

Product Code:  
**A90.494**

**Dimensions:**  
200(l) x 100(w) x  
0.75mm (d)  
**Weight:** 12g

**Complies with:**  
**ISO 21702:2019**

## PUSH PLATE

Product Code:  
**A90.496**

**Dimensions:**  
400(l) x 95(w) x  
0.45mm (d)  
**Weight:** 24g

**Complies with:**  
**ISO 21702:2019**

## PRESS PAD

Product Code:  
**A90.492**

**Dimensions:**  
90(l) x 90(w) x  
0.45mm (d)  
**Weight:** 7g

**Complies with:**  
**ISO 21702:2019**

## PRESS PAD

Product Code:  
**A90.493**

**Dimensions:**  
100(l) x 100(w) x  
0.45mm (d)  
**Weight:** 7g

**Complies with:**  
**ISO 21702:2019**

## PUSH PAD

Product Code:  
**A90.491**

**Dimensions:**  
110(l) x 40(w) x  
0.45mm (d)  
**Weight:** 4g

**Complies with:**  
**ISO 21702:2019**

# CUSTOMISE YOUR PUSH PAD

### Standard Push Pad

### Change the colour

**Minimum order:**  
200 units

### Design your own Safe pad:

**Minimum order:**  
500 units

- If you wish to deviate from the existing shape there will be an additional tooling and set up costs.
- There are 13 background colour options other than the standard yellow.
- Please keep text size above 2mm to insure clear definition and readability in the print.

**Please Note:** There will be a short approval process of designs once submitted and safe pad have the right to reject any designs.
