

CLEAR FOAM *PURE*

Perfume-free & Dye-free Gentle Foam Hand Wash

PRODUCT DESCRIPTION

Perfume-free and dye-free skin hypoallergenic foam hand wash designed for professional use with added moisturisers, to clean hands and wash away over 99% of dirt and germs.

WHERE TO USE

Washroom areas in offices, education, public facilities, healthcare and aged care environments.

INSTRUCTIONS FOR USE

- Apply one dose to wet or dry hands.
- Rub on all areas of the hands, including between the fingers and around the fingernails.
- Rinse off with clean water.
- Dry thoroughly.
- An effective hand wash should take a minimum of 30 seconds (not including drying).

DESIGNED FOR SENSITIVE SKIN¹

This product is formulated to reduce allergenic potential, because it is:

- Perfume-free and dye-free
- Skin hypoallergenic
- ECARF certified⁴

	DESCRIPTION	BENEFITS
FEATURES	Washes away over 99% of dirt and germs	Just a single dose is required to deliver highly effective skin cleansing when used properly.
	High quality smooth foam	Pleasant silky-smooth skin feel when washing; helps reinforce good hand washing practice.
	Reduces water consumption ⁵	Independent tests show that washing hands with foam soap rather than lotion soap can reduce average water consumption during handwashing by as much as 45%.
	Excellent cost in use	Highly economical, only one dose is required to provide effective hand cleansing.
	Convenient, quick and easy	Dispenses foam on the hands which is instantly ready for washing and quick and easy rinsing from hands and sinks.
	Designed for Sensitive Skin ¹	This product is designed for sensitive skin and formulated to reduce allergenic potential, which means the product is perfume-free and dye-free, skin hypoallergenic and ECARF Certified ⁴ .
	Skin Hypoallergenic	This product is tested by an independent dermatologist using Human Repeat Insult Patch Tests (HRIPT) to verify and confirm this product does not irritate the skin and has very low allergenic potential.
	Formulated close to the skin's natural pH (4.0-6.5)	Helps minimise disruption from product use to the skin's acid mantle, a natural layer which acts to help support the natural bacteria balance.
INGREDIENTS	Perfume-free and dye-free	Designed for people who are sensitive to perfumes and dyes and who prefer products which do not have these added.
	Contains Glycerin	A skin moisturiser to help prevent drying and leave the skin feeling smooth after use.
	Readily Biodegradable formula	The formula and each of its carbon containing ingredients will decompose into simple, non-toxic substances in 28 days or less in accordance with OECD301F standard.
	Mild preservative	Specially formulated with one of the mildest preservatives to reduce the risk of skin irritation from using this product.
CERTIFICATES/COMPATIBILITY	HACCP International certified ²	Certified by HACCP International as being suitable for use in facilities that operate a HACCP based food safety programme (Food Zone Classification SSZ) when used as directed. Food handlers should use product only in accordance with label instructions and product should not come directly into contact with food or items that contain food.
	EU Ecolabel Certified ³	The product is certified to have a reduced environmental impact through its life cycle, from extraction of raw materials through to its production, use and disposal. www.ecolabel.eu The 250 ml bottle is not EU Ecolabel certified.
	ECARF Certified ⁴	This product meets the European Centre for Allergy Research Foundation (ECARF) criteria for skin tolerability. For more information go to http://Ecarf-siegel.org/en/about-seal .
	Suitable for food facilities	Product has been independently evaluated and trace amounts of the product are not expected to cause adverse toxicological effects. Food handlers should use product only in accordance with usage instructions and product should not come directly into contact with food or items that contain food.
	Compatible with rubber production processes	Independently tested at the German Institute of Rubber Technology (DIK) and proven to have no negative effect on the vulcanisation process.

¹The product does not guarantee a complete absence of risk of an allergenic reaction. Allergy sufferers should always refer to the ingredient list before using the product.

CLEAR FOAM ^{PURE}

Perfume-free & Dye-free
Gentle Foam Hand Wash

STATUTORY REGULATIONS

This product is a cosmetic product regulated by and complying with Regulation EC No 1223/2009 (as amended) on Cosmetic Products. Contains surfactants that satisfy the biodegradability standards set forth in the Detergents Regulation 648/2004 (as amended).

SAFETY DATA SHEETS

For Safety, Environmental, Handling, First Aid and Disposal information please refer to the Safety Data Sheet which can be downloaded from <https://www.scjp.com/en-gb/safety-data-sheets>

SHELF LIFE

This product has a shelf life of 30 months from the date of manufacture when stored unopened at room temperature.

QUALITY ASSURANCE

SC Johnson Professional products are manufactured in facilities which follow appropriate quality assurance practices, including with respect to quality control processes for raw materials and finished goods, and comply with any regulatory requirements applicable to the manufacturing of such products.

SUITABLE FOR USE IN FOOD HANDLING AREAS

When used as instructed CLEAR FOAM ^{PURE} hand wash does not influence the quality and safety of foodstuffs.

The product has been assessed using the HACCP hazard analysis methodology. The following critical control points were identified and are controlled as follows -

1. Impact on smell and taste of foodstuffs - The formulation has been independently tested according to 'Sensory Analysis - Methodology - Triangle Test BS EN ISO 4120:2007' and proven to not have the potential to taint food
2. Possible toxic effects of the ingredients - An independent oral toxicological evaluation was performed and concluded that any foodstuffs which may contain trace amounts of the product, are unlikely to cause any adverse toxicological effects.

CERTIFICATIONS

HACCP International Certified

This product and the dispensers it is to be used with (LGTILDS) have been certified by HACCP International as being food-safe hand hygiene products suitable for use in facilities that operate in accordance with a HACCP based food safety programme in Food Zone Classification SSZ (Splash or Spill Zone). This means products are suitable for use in food handling areas such as kitchens, production areas and processing areas, but not suitable for coming directly into contact with food or items that will touch food. HACCP International's evaluation and certification is strictly confined to matters of food safety or the operation of a HACCP based food safety programme. Whilst all reasonable care is taken by HACCP International in its evaluation of the product(s) or services(s) described herein, HACCP International does not guarantee that every food safety risk in every application has been identified. No guarantee is offered or implied in the issuing of this statement.

EU Ecolabel:
IE/030/003

EU Ecolabel Certification

CLEAR FOAM ^{PURE} hand wash has been awarded the European Ecolabel: registration number IE/030/003.

The product meets the strict requirements of the EU Ecolabel, the voluntary label promoting environmental excellence. The official EU mark promotes products that are designed to have a reduced environmental impact by having a reduced impact on aquatic ecosystems, meeting biodegradability requirements and minimising waste production by reducing the amount of packaging.

250ml bottle does not comply to Ecolabel criteria

Visit www.ecolabel.eu for more information.

INGREDIENTS

AQUA (WATER), SODIUM LAURETH SULFATE, SODIUM BENZOATE, GLYCERIN, CITRIC ACID, COCAMIDOPROPYL BETAINE, PEG-7 GLYCERYL COCOATE.

ECARF Seal of Quality

This product meets the European Centre for Allergy Research Foundation (ECARF) criteria for skin tolerability. Cosmetics can receive the seal of quality for meeting the following criteria:

1. Quantitative risk assessment of the product ingredients with respect to their potential for skin sensitisation, taking into account their specified conditions of use and amount.
2. Medically supervised clinical trials by volunteers with atopic dermatitis.
3. Approved system of quality control management.

For more information go to <http://ecarf-siegel.org/en/about-seal>.

- 1 The product is designed for sensitive skin and formulated to reduce its allergenic potential

¹The product does not guarantee a complete absence of risk of an allergic reaction. Allergy sufferers should always refer to the ingredient list before using the product.

PRODUCT SAFETY ASSURANCE

Product Safety Assessment

The product has been assessed by an independent toxicologist and is declared safe for intended use on hands of adults and children of all ages when used as directed, meeting all relevant regulatory requirements.

Skin Compatibility Test

Independent dermatological tests conducted to assess the skin compatibility of the product using voluntary test persons in semi occlusive, 48 consecutive hour application models, shows the product to be non-irritating in use.

EFFICACY TESTS

Skin Hypoallergenic

The perfume-free and dye-free formulation did not demonstrate a potential for eliciting dermal irritation or sensitisation after conducting an independent 8 week Human Repeat Insult Patch Test (HRIPT).

Allergy sufferers should always refer to the ingredient list before using the product.

Water Saving

Independent tests show that washing hands with foam soap rather than lotion soap can reduce average water consumption by as much as 45% when using a modified hand wash approach of dispensing soap on dry hands and turning the tap on only when rinsing off (SC Johnson Professional Sponsored Study: How a simple change in the washroom can significantly reduce water consumption and associated costs. Durrant and McKay, 2011).

Dirt Removal

The hands of healthy volunteers were prewashed, treated with an artificial soil media and washed using a dosage size of 1 shot (0.7ml) of CLEAR FOAM ^{PURE} hand wash. The residual dirt and cleaning efficacy were determined after each wash procedure and in this test 99.4% of visible dirt was removed.

Germ Removal

0.7ml of CLEAR FOAM ^{PURE} hand wash was tested using EN1499:2013 method on *E.coli* k12 for a 30 second wash time. Results show CLEAR FOAM ^{PURE} hand wash achieved a 2.34 log₁₀ reduction.

Rubber Production Process Compatibility

Independent testing conducted by the Deutsches Institut für Kautschuktechnologie (DIK) in accordance with DIN EN ISO/IEC 17025, the use of CLEAR FOAM ^{PURE} hand wash in rubber production process does not influence the cohesive strength of rubber.
