

# Cleaner, Healthier Indoor Air with Zonitise

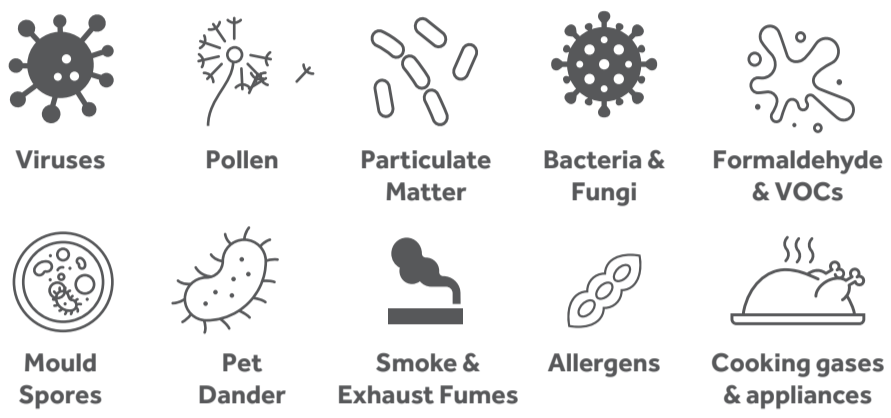

To truly achieve a Cleaner, Healthier Building, Vital 4D introduces affordable clean air technology to help keep indoor spaces healthy.

## Air pollution is the worlds 4th largest killer

It costs the global economy trillions of dollars every year.

- Poor Indoor Air is a top five health risk
- 7m die annually from air pollution
- Indoor air is 3-5x worse than outdoor
- The average person inhales 11,000 litres of air daily
- 1 in 8 people you meet suffer with a respiratory illness

**What are the sources of poor indoor air quality?**  
There are many causes of poor indoor air quality, such as furniture, dust, pollen, chemicals from cleaning agents, furniture and many more. Here we list a few:

## THE SOLUTION?

Zonitise Proven & Trusted Medical Grade HEPA air purification systems that guarantee pure air.

## What is Zonitise HEPA air purification?

HEPA stands for High Efficiency Particulate Air filters. Zonitise HEPA 13 & 14 grade filtration is 99.99% effective at capturing particulates as small as 0.03 microns in one air pass, and has been extensively proven to capture and kill thousands of viruses, bacteria and harmful particulates. Zonitise units feature elite filtration & sterilization technology to combat odours, VOCs, formaldehyde and the other invisible killers often found indoors.

- ✓ **Kills Viruses & Bacteria**
- ✓ **Stops odours, dust & pollen**
- ✓ **Lowers Infection risks**
- ✓ **Prevents respiratory illness & asthma**
- ✓ **Improves cognitive function & lowers absence**

**"For every £1 spent on improving indoor air, £30 is obtained in benefits" (EPA)**

### Zona 250

Capacity: Up to 25m<sup>2</sup>  
Size: 221x221x372mm,

### Zona 490

Capacity: Up to 50m<sup>2</sup>  
Size: 400x230x640mm,

### Zona 620

Capacity: Up to 65m<sup>2</sup>  
Size: 400x400x669mm,

## Air Purification That's SMART

Wherever you are and wherever you go, control your Zonitise air purifier from your smartphone. Monitor the live air quality, filter life, fan speed and more for 100s of units.
